4a

Handwritten text on a palm leaf fragment, likely in an ancient script. The text is arranged in approximately 12 horizontal lines across the length of the leaf.

4b

Handwritten text on a palm leaf fragment, likely in an ancient script. The text is arranged in approximately 12 horizontal lines across the length of the leaf.

5a

Handwritten text on a palm leaf fragment, likely in an ancient script. The text is arranged in approximately 12 horizontal lines across the length of the leaf.

5b

Handwritten text on a palm leaf fragment, likely in an ancient script. The text is arranged in approximately 12 horizontal lines across the length of the leaf.

6a

Handwritten text on a palm leaf fragment, likely a portion of a historical document or manuscript.

6b

Handwritten text on a palm leaf fragment, continuing the narrative or list from the previous fragment.

7a

Handwritten text on a palm leaf fragment, showing a continuation of the text.

7b

Handwritten text on a palm leaf fragment, concluding the visible text on this leaf.

8a

Handwritten text on a palm leaf fragment, likely in an ancient script such as Tamil or Grantha. The text is densely packed and runs horizontally across the length of the leaf.

8b

Handwritten text on a palm leaf fragment, similar to 8a. The script is consistent, and the text is arranged in a single line across the leaf's width.

9a

Handwritten text on a palm leaf fragment. This fragment appears to contain a different section of text or a different script compared to the previous ones.

9b

Handwritten text on a palm leaf fragment, continuing the sequence. The text is clearly legible within the constraints of the fragment's shape.

10a

Handwritten text on a palm leaf fragment, likely in an ancient script such as Tamil or Grantha. The text is densely packed and runs horizontally across the leaf.

10b

Handwritten text on a palm leaf fragment, continuing the script from the previous fragment. The characters are clearly inscribed on the natural texture of the leaf.

11a

Handwritten text on a palm leaf fragment, showing a continuation of the ancient script. The fragment is slightly curved and shows some wear at the edges.

11b

Handwritten text on a palm leaf fragment, the final piece in this set. The text is well-preserved and clearly legible against the light background of the leaf.

12a

Handwritten text on a palm leaf fragment, likely a portion of a historical document or manuscript.

12b

Handwritten text on a palm leaf fragment, likely a portion of a historical document or manuscript.

13a

Handwritten text on a palm leaf fragment, likely a portion of a historical document or manuscript.

13b

Handwritten text on a palm leaf fragment, likely a portion of a historical document or manuscript.

14a

Handwritten Burmese script on a palm leaf fragment, labeled 14a. The text is arranged in approximately 10 horizontal lines across the length of the leaf.

14b

Handwritten Burmese script on a palm leaf fragment, labeled 14b. The text is arranged in approximately 10 horizontal lines across the length of the leaf.

15a

Handwritten Burmese script on a palm leaf fragment, labeled 15a. The text is arranged in approximately 10 horizontal lines across the length of the leaf.

15b

Handwritten Burmese script on a palm leaf fragment, labeled 15b. The text is arranged in approximately 10 horizontal lines across the length of the leaf.

18a

Handwritten text on a palm leaf fragment, likely a portion of a legal or administrative document. The script is an ancient form of a South Asian script, possibly Grantha or Tamil. The text is densely packed and covers most of the leaf's surface.

18b

Handwritten text on a palm leaf fragment, continuing the script from the previous fragment. The text is arranged in several lines across the length of the leaf.

19a

Handwritten text on a palm leaf fragment, showing further lines of the ancient script. The fragment is well-preserved with clear characters.

19b

Handwritten text on a palm leaf fragment, the final portion of the document shown. The text concludes with several lines of script.

20a

Handwritten text on a palm leaf fragment, likely Burmese script. The text is arranged in several lines across the length of the leaf.

20b

Handwritten text on a palm leaf fragment, likely Burmese script. The text is arranged in several lines across the length of the leaf.

21a

Handwritten text on a palm leaf fragment, likely Burmese script. The text is arranged in several lines across the length of the leaf.

21b

Handwritten text on a palm leaf fragment, likely Burmese script. The text is arranged in several lines across the length of the leaf.
